Re: Request for Public Records

Dear Commissioner Fisher:

Pursuant to the Alaska open records act, Alaska Statutes 40.25.110, we request access to and copies of all e-mail messages between the Department of Administration or any of its components, including but not limited to the Department of Motor Vehicles, and the American Association of Motor Vehicle Administrators (AAMVA) and/or Clerus Solutions, and any messages including messages within the Department or between the Department and other state agencies or third parties which are part of a "thread" of messages and replies including any such message, and all attachments to such messages, sent or received on or after January 1, 2017.

We request that copies be provided in electronic form. With respect to any records held in electronic form, we request that they be provided in the original electronic form in which they are held on workstations, servers, and/or backup, archival, or other storage media or devices, as complete bitwise digital copies of the original email message files, including all header data and metadata, and all attachments in their original formats as spreadsheet files, word processor document files, PDF files, or other electronic files.

We request that any fees be waived, because it is in the public interest for the public to understand the basis for the legislative proposals to which these records pertain, and the basis for the cost projections in the Fiscal Notes attached to these proposals.

If our request is denied in whole or part, we ask that you justify all deletions by

reference to specific exemptions of the act.

Sincerely,

Edward Hasbrouck
