

November 18, 2025

Dear Senator Lummis, Senator Wyden, Congressman Biggs and Congressman Espaillat,

I write to you in reference to the letter you sent yesterday, November 17, to several airline executives referencing Airlines Reporting Corporation (ARC). ARC is an organization with a 40-year history of advancing the commercial strategies of airlines, travel agencies and other companies in the travel industry.

Your letter urges the recipients to compel ARC to shut down the Travel Intelligence Program (TIP). As part of ARC's programmatic review of its commercial portfolio, we have previously determined that TIP is no longer aligned with ARC's core goals of serving the travel industry. All TIP customers, including the government agencies referenced in your letter, were notified on November 12, 2025, that TIP is sunsetting this year. We shared this information with Congressman Espaillat's office on November 14, 2025, and will share a briefing with members of the Congressional Hispanic Caucus today.

Thank you for the opportunity to provide this update.

Sincerely,

A handwritten signature in black ink, reading "Lauri Reishus". The signature is written in a cursive, flowing style.
